RE: 2018-19 Delayed Start Wednesdays (10:05am)

Dear Families of OMS students:

This letter is to inform you of the details regarding the delayed start schedule and options available. The 2018-19 calendar for Oxford Middle School can be found on the OMS website under "Calendar."

Delayed start Wednesdays in 2018-19 are every Wednesday with the exception of:

August 29, November 21 (Thanksgiving break), January 23, February 20, March 27, April 24, May 29, & June 5.

*There is a delayed start Tuesday, April 9, for 6th and 7th graders only; 8th graders have the PSAT 8 assessment.

Options available will include:

1. On Delayed Start days, a delayed bus run for secondary students will pick up students approximately 2.5 hours later than their normal run. There will not be an early Secondary Schools bus run on those dates.
2. Parents may transport their children and drop them off at the middle school beginning at 9:30am for a 10:05am start.
3. For students who cannot utilize the delayed bus run or parent transportation, the District will provide supervised care at Oxford Middle School beginning at 7:30am on delayed start days. Students will be able to complete homework, read and/or be afforded time in the gymnasium for supervised activity. There will be no cost to families. Parents will need to transport their children to OMS. Students will be expected to remain within the supervised area during this study/activity time and act responsibly in order to take advantage of this privilege (all school rules apply during this time). **Please fill out the form at the bottom of this letter and turn in at registration. This form must be filled out prior to attendance at the late start supervised care.**

Please feel free to contact us if you have further questions.

Return to OMS on Registration Day - August 15 (6th grade), 2018 or August 16, 2018 (7th/8th grade)

I will use the option of supervised care for my student on Delayed Start Wednesdays.
