

OMS Drop Off/Parking Lot

In The Morning

- * All parent drop offs must be at the gym entrance.
- * You may park your car and walk your student to the sidewalk.
- * If you are going to drive up to the sidewalk, please pull as far ahead as you can before letting your child out of the car. This speeds up the line.

In The Afternoon

- * You may line your car up around the outside edge of the parking lot, or you can park in the car spaces.
- * I will wait for groups of students to accumulate then send them across to their rides after I stop traffic from moving.
- * Please have your student cross at my signal. Again, this is for both your students safety as well as expediting the process.
